UPDATE ON NEW CHANGES TO NFPA 13

This presentation will cover changes that will be included in the new update of our old favorite NFPA 13. Always something new based on the comments and discoveries from current and last editions as well as advances in products and fire protection technology.

Our speaker for this meeting is David R. Hague, P.E., CFPS. Dave is now the staff liaison for NFPA 13, 13D, 13R, 24 and 291. Dave has worked in the fire protection insurance and contracting business for all of his thirty nine years in the fire protection industry. He is NICET certified in Sprinkler and Special Hazards, is CFPS certified, and is a Registered Fire Protection Engineer. Dave has also served as the Manager of the Engineering Technical Unit at Liberty Mutual Insurance in Weston, Massachusetts where he was responsible for the Liberty Mutual Engineering Manual, training programs for internal and external customers, coordination of plan reviews as well as Liberty Mutual's involvement in various NFPA Technical Committees. Dave also managed the operation of the Liberty Mutual Fire Lab in Wausau, Wisconsin. Dave is still the Chair of the NFPA 14 Technical Committee and also serves on the CFPS Board of Directors. Prior to returning to the NFPA Dave served as a principal engineer at the National Fire Protection Association where he was responsible for NFPA standards on suppression systems. He has also written several books and developed several seminars on the subject of fire protection systems.

The 2016 Attitash Technical Symposium and ski event was a great time for all who attended. At the May meeting there will also be a quick review of the three day event.

Please reserve for the May dinner meeting by Wednesday, May 4, 2016. Make checks payable to NEAFPSD and mail to NEAFPSD, P.O. Box 149, Wrentham, MA 02093-0149.

Send all e-mail dinner reservations to: rsvp_neafpsd@yahoo.com
