Pasta \$28.00

NEW FM GLOBAL DATA SHEET 2 – 0

On March 31, 2010 FM Global publicly released the new Data Sheet 2-0, Installation Guidelines for Automatic Sprinklers, as well as the revised Data Sheet 8-9, Storage of Class 1, 2, 3, 4 and Plastic Commodities. This presentation will offer insight into the changes that are being introduced by these two data sheets as well as discuss potential future changes planned for Data Sheet 8-9 within the next five years.

Our speaker for this meeting is certainly no stranger. Wes Baker has been working at FM Global for nearly twenty five years and is currently a Senior Engineering Technical Specialist within the Engineering Standards division at FM Global. Wes is currently responsible for the technical guidelines presented in FM Global Data Sheets covering automatic sprinklers and the protection of most storage occupancies. Wes is a member of the Society of Fire Protection Engineers and also serves on both the Discharge as well as Installation Committees for NFPA 13.

Please reserve by Wednesday, May 5, 2010.

Make checks payable to NEAFPSD and mail to NEAFPSD, P.O. Box 149, Wrentham, MA 02093-0149 for reservations. Send all e-mail dinner reservations to: rsvp_neafpsd@yahoo.com
