

**New England Association  
Of  
Fire Protection System Designers**

AMERICAN SOCIETY OF CERTIFIED ENGINEERING TECHNICIANS

**MEETING NOTICE**

DATE: Monday, May 11, 2015  
PLACE: Double Tree Westborough Hotel  
Rt. 9, Westborough, MA  
TIME: 5:30 PM Social Hour  
6:30 PM Dinner  
COST: \$45.00 at the door  
MENU: Beef \$40.00  
Chicken \$35.00  
Pasta \$30.00

**FIVE THINGS YOU MIGHT NOT KNOW ABOUT SPRINKLER HYDRAULICS**

Hydraulically calculating a fire sprinkler system can be a challenging task. Obtaining current available water supply information, establishing design criteria, calculating to obtain sizes that fall within what was estimated and doing it all to meet increasingly demanding installation schedules. Creativity in design that results providing proper protection that meets applicable Codes and Standards is the goal. There are many stumbling blocks along the way and our speaker for this meeting will point out some that we may not have seen before.

Our speaker for this meeting is Audrey Goldstein from the National Fire Protection Association. Audrey is an Associate Fire Protection Engineer with the NFPA, where she is responsible for advisory services, responding to member inquiries regarding sprinkler system installations, and inspection, testing, and maintenance in commercial and residential occupancies. Audrey holds a BS in Fire Protection Engineering from the University of Maryland, College Park and is a member of the Salamander Honorary Fire Protection Engineering Society.

We will also provide a short recap of the 2015 Product Show and planning information available to date on the upcoming 2016 Ski Symposium.

Please reserve by Wednesday, May 6, 2015. Make checks payable to NEAFPSD and mail to NEAFPSD, P.O. Box 149, Wrentham, MA 02093-0149.
