

**New England Association  
Of  
Fire Protection System Designers**

AMERICAN SOCIETY OF CERTIFIED ENGINEERING TECHNICIANS

**MEETING NOTICE**

DATE: May 14, 2012  
PLACE: Double Tree Westborough Hotel  
Rt. 9, Westborough, MA  
TIME: 5:30 PM Social Hour  
6:30 PM Dinner  
  
COST: \$40.00 at the door  
  
MENU: Beef \$35.00  
Chicken \$30.00  
Pasta \$28.00

**Special Hazard Fire Protection**

In this presentation we will review special hazard applications and the opportunities for design of clean agent systems including Novec 1230 and FM 200. We will develop an understanding of design options and discuss new advances in the clean agent industry. Electrical components are an important part of the design, we will learn more about standard and more unique detection using flame type and air sampling. We will also look at new suppression technologies for use in Data Centers, Telecommunication rooms and other sensitive areas.

Todd Stevens is employed at Minimax USA, headquartered in Mesa, Arizona, a world class manufacturer of clean agent systems, detection and other unique products. Mr. Stevens presently works as the Sales Manager for the Eastern Region. His responsibilities include working with trained distributors providing support and sales for all the Minimax products. Todd also spends time increasing the knowledge of these products with specifying architects, engineers, industry groups and AHJ's. Mr. Stevens has an Associates Degree in Mechanical Engineering, is NICET certified in Automatic Sprinklers and Special Hazards Suppression Systems. He is also a Certified Fire Protection Specialist and is active in numerous fire protection associations.

Please reserve by Wednesday, May 9, 2012. Make checks payable to NEAFPSD and mail to NEAFPSD, P.O. Box 149, Wrentham, MA 02093-0149 for reservations. Send all e-mail dinner reservations to: [rsvp\\_neafpsd@yahoo.com](mailto:rsvp_neafpsd@yahoo.com)
