Chicken \$35.00
Pasta \$30.00

WHAT IS A WATER MIST SYSTEM?

This presentation will be an introduction to water mist systems and will highlight the science behind water mist, system types, and applications. We will finish with a few case studies of actual installations in the New England marketplace.

Our presenter for this topic is Adam Tracy. Adam is the Senior Sales Engineer at Advanced Safety Systems Integrators, and is responsible for generating direct sales of special hazard fire protection systems and products in the commercial and industrial markets. Throughout his career, Adam has developed hands-on experience surrounding all aspects of water mist and special hazard fire suppression solutions including hazard analyses, designing, training, fire testing, product development and code development. He holds a BS in Civil Engineering from WPI, an MS in Fire Protection Engineering from WPI, and an MBA from the UMass Isenberg School of Management. Outside of work, Adam is a locally elected School Committee member in his hometown of Hudson MA, where he lives with his wife and two children.

Please reserve for the May dinner meeting by Wednesday, May 9, 2018. Make checks payable to NEAFPSD and mail to NEAFPSD, P.O. Box 149, Wrentham, MA 02093-0149.
