

**New England Association  
Of  
Fire Protection System Designers**

AMERICAN SOCIETY OF CERTIFIED ENGINEERING TECHNICIANS

**MEETING NOTICE**

DATE: Monday, September 10, 2007  
PLACE: Double Tree Westborough Hotel  
Rt. 9, Westborough, MA  
TIME: 5:30 PM Social Hour  
6:30 PM Dinner  
COST: \$35.00 at the door  
MENU: Beef \$33.00  
Chicken \$28.00  
Pasta \$27.00

**Video Based Fire Detection**

The fire safety industry is unrelenting in the demand for fire detection products that respond quickly to potential fire conditions without generating unwanted, or nuisance alarms. These are the reasons for the growing interest in CCTV (close circuit television) based fire detection systems. Our topic for this meeting will focus on the basis technology involved in these types of systems an how they are used to release pre-action, deluge and other suppression systems. Our presenter for this topic is our own Dave Canham. Dave has thirty years of experience in the fire protection field. His experience includes HVAC, sprinkler and fire alarm design, contracting and testing. Dave acts as a technical consultant to engineering firms as well as providing design services to contractors. Dave has taught fundamental and advanced application fire alarm design courses at Northeastern University for over ten years. For the last four years Dave has been the local representative for a California based distributor of special hazard detection products including video based fire detection systems.

Please reserve by Thursday, September 6, 2007

Make checks payable to NEAFPSD and mail to NEAFPSD, P.O. Box 149, Wrentham, MA 02093-0149 for reservations. Send all E-mail dinner reservations to: [rsvp\\_neafpsd@yahoo.com](mailto:rsvp_neafpsd@yahoo.com)
