DATE: Monday, September 14, 2015
PLACE: Double Tree Westborough Hotel
Rt. 9, Westborough, MA
TIME: 5:30 PM Social Hour
6:30 PM Dinner

COST: \$45.00 at the door

MENU: Beef \$40.00
Chicken \$35.00
Pasta \$30.00

NEW FOAM / WATER FIRE SUPPRESSION SYSTEM TECHNOLOGIES

The presentation for this meeting will review new changes regarding firefighting foams and their potential impact on the environment. New environmentally sustainable fluorine-free foams for Class B flammable liquid hazard fires that are fluorosurfactant and fluoropolymer-free products will be discussed. The fluorine-free foam is both UL Listed and FM Approved for use in sprinkler systems. In addition, traditional AFFF and AR-AFFF foam concentrates and hardware used in fire sprinkler systems for protecting flammable liquid hazards will also be discussed.

Our speaker for this topic will be Jim Schwander from Solberg, an Amerex Company. Jim has been working closely with The Hiller Companies, and in particular, Jeff Kidd to bring these environmentally friendly foam concentrates to our area. For those that do not know, The Hiller Companies is the oldest special hazard fire protection company in America and they represent every manufacture of special hazard fire protection products available.

We will also provide a short update on the final figures from the 2015 Product Show, how planning for the upcoming 2016 Ski Symposium is progressing and planning for the 25th Anniversary of the NEAFPSD!

Please reserve by Wednesday, September 9, 2015. Make checks payable to NEAFPSD and mail to NEAFPSD, P.O. Box 149, Wrentham, MA 02093-0149.
