

**New England Association  
Of  
Fire Protection System Designers**

AMERICAN SOCIETY OF CERTIFIED ENGINEERING TECHNICIANS

**MEETING NOTICE**

DATE: November 12, 2012  
PLACE: Double Tree Westborough Hotel  
Rt. 9, Westborough, MA  
TIME: 5:30 PM Social Hour  
6:30 PM Dinner  
  
COST: \$40.00 at the door  
  
MENU: Beef \$35.00  
Chicken \$30.00  
Pasta \$28.00

**Corrosion Protection Using Nitrogen**

Our speaker for this meeting is Scott Bodemann from South-Tek Systems. As Product Manager for South-Tek Systems, Scott initiated the research and design of the N2-Blast® – Corrosion Inhibiting System and has played a key role in the introduction of Nitrogen Generation Technology into the fire sprinkler industry. His expertise comes from working closely with power plants who have utilized South-Tek's Nitrogen Generation Technology to successfully inhibit corrosion in boiler tubes. With the knowledge gained from the power industry and how closely the problems of boiler tube corrosion are correlated to corrosion within sprinkler piping, Scott has consulted and assisted customers such as Lockheed Martin, GE, the Nuclear Regulatory Commission, Verizon, Blue Cross Blue Shield, Marriott, and many others throughout the country to successfully inhibit corrosion in dry pipe and pre-action fire sprinkler systems.

Please reserve by Wednesday, November 7, 2012. Make checks payable to NEAFPSD and mail to NEAFPSD, P.O. Box 149, Wrentham, MA 02093-0149 for reservations. Send all e-mail dinner reservations to: [rsvp\\_neafpsd@yahoo.com](mailto:rsvp_neafpsd@yahoo.com)

**SAVE THE DATE !!** - The New England Association of Fire Protection Systems Designers announces their 11<sup>th</sup> New England Fire Systems Product Show. The show will be held on Thursday, March 14, 2013 at Lantana's in Randolph, Massachusetts.
