NEW SPRINKLER TECHNOLOGY - OPTIONS FOR ATTIC AND CORRIDOR PROTECTION

This meeting will bring us up to date on new products developed, and being developed, using new technologies in fire sprinkler research.

Our speaker for this meeting is Brandon Telford from the Reliable Automatic Sprinkler Company, Incorporated. Brandon is part of Reliable's Technical Services Team. Brandon has over eighteen years of fire protection industry experience. He started his career working in fire sprinkler contracting for nine years in the Mid-Atlantic region and followed that by spending three years working on Department of State and Department of Defense projects internationally in Albania and Qatar. Prior to his career at Reliable, he worked for six years as a sales territory manager for a fire protection products manufacturer. Brandon has two Associates in Applied Science degrees in Fire Protection Engineering Technology and Safety Management from Delaware Technical Community College. Brandon is also an NFPA Certified Fire Protection Specialist (CFPS) and has achieved NICET certification as a Level III Automatic Sprinkler Layout Technician.

SAVE THE DATE!! SAVE THE DATE!!
